

# Certificate of Internship

**Guangzhou Chuangtian Electronics and Machinery Co., Ltd.**

**Date:** January 19, 2025

To Whom It May Concern:

This is to certify that **Chen Yishu** has successfully completed an internship at **Guangzhou Chuangtian Electronics and Machinery Co., Ltd.** from **March 15, 2023, to August 15, 2023**, as an **Assistant Mechanical Engineer**. During this period, he worked in both our Guangzhou headquarters and Shanghai branch office as part of an internal assignment.

During the internship, Chen Yishu was involved in the following activities and responsibilities:

1. Assisted in the design and optimization of mechanical structures for automated machinery, ensuring both functionality and efficiency.
2. Collaborated with the electronics and computer control teams to integrate sensors and control systems into mechanical designs for real-time monitoring and precision adjustments.
3. Conducted laboratory experiments and testing to evaluate the performance and durability of mechanical components, analyzing data to provide recommendations for improvements.
4. Supported the team in preparing technical documentation, including mechanical blueprints and operation manuals, ensuring compliance with industry standards.
5. Participated in the assembly and troubleshooting of mechanical-electronic systems, identifying potential design flaws and suggesting corrective actions.

For any further information, please feel free to contact us at **17620865394**.

**Sincerely,**

**Human Resources Officer**
